Post Show Report 2023

2023 a great success!

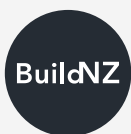

New Zealand's build, construction, design, facilities management and safety industries have recently been celebrated at the nation's largest industry trade show.

Over two busy days, a very full Auckland Showgrounds was abuzz with thousands of visiting trade professionals, national and international exhibitors, sponsors and partners, leading trade associations and New Zealand's largest brands hailing the event a great success.

The floor was buzzing with excitement as the latest and greatest innovations hitting the industry were showcased and delegates discovered the newest products and solutions to ensure business success for the future.

Along with 221 exhibiting suppliers showcasing thousands of new products, the event delivered a wide range of special features including; an extensive seminar and workshop program filled to capacity with industry experts sharing their latest knowledge; CPD accredited keynote speakers and panel discussions; the inaugural HVAC&R Hub was launched in association with IRHACE and CCCANZ; Made in Germany Pavilion featured leading German brands and suppliers; prizes were won; trade specials were had and so much more! The biggest challenge for attendees was ensuring they had enough time to see it all!

To all those who attended - Thank You. We certainly hope it was a fantastic experience and we look forward to welcoming you all back in 2024.

“

Most amazing construction trade event I've ever been too.

- Visitor

“

This was my first time at BuildNZ and it was a great experience for me! I will definitely add it to my must see yearly event calendar going forward. Top marks BuildNZ.
